Medical

Anthem Blue Cross Blue Shield (Anthem) is the carrier for the Base PPO and Medicare Preferred PPO medical options. Medical Mutual will continue to administer the Traditional Major Medical Option 2 Plan and the MMO/Caremark 90/10 Plan.

- Anthem/Caremark Base PPO
- Anthem/Caremark Medicare Preferred PPO
- MMO Traditional with Major Medical Option 2
- MMO/Caremark 90/10

In-network preventive care is covered at 100% – with no requirement to satisfy a deductible. However, if a diagnosis is detected during a preventive exam, the services would be subject to deductible and coinsurance. A list of in-network preventive care can be found at www.anthem.com/preventive-care or by calling Medical Mutual.

Base PPO Plan

In the Base PPO plan, you are required to satisfy your annual deductible before the plan begins paying 80% of your eligible in-network expenses.

For two-person or family coverage, the deductible can be satisfied by any combination of family members, but an individual would never need to satisfy more than the individual deductible or out-of-pocket amount.

Anthem's Network

If you use physicians and medical facilities that are in the Anthem BlueCardPPO network, you will pay much less compared to accessing out-of-network care. You can find out which doctors and medical facilities are in Anthem's network at www.anthem.com.

Medicare Preferred PPO

You will receive the highest level of benefits for care received in network. If you were receive care out of network, certain services will have a lower level of benefits. Please review the chart on the following page for details. If you are eligible and enrolled in Medicare, you should consider the Medicare Preferred PPO plan.

- You will have a low fixed copayment or coinsurance for a broad level of coverage.
- Your out-of-pocket costs may be less than if you enroll in the Base PPO plan or in the original Medicare plan and buy a Medigap policy.
- If your doctors and medical facilities accept Medicare, you may continue receiving care from them.
- You have access to check providers who participate in the Medicare-Preferred PPO by contacting Anthem at 1-866-845-8608, Monday through Friday from 8:00 a.m. to 9:00 p.m. (EST).

In addition, because Anthem will be the sole payer, you will not experience primary/secondary payer issues. There is only one payer, so you will not have to worry about submitting your claims to Medicare as primary and FirstEnergy's PPO plan as secondary.

If you are interested in the Medicare Preferred PPO, it is very important that you contact all your doctors to verify that they accept Medicare before enrolling in the plan.

When you join the Medicare Preferred PPO plan, you must use your Anthem Medicare-Preferred PPO ID card not your Medicare card. Anthem will pay the physician/hospital directly for the eligible covered charges.

FirstEnergy's medical plans include prescription drug coverage through CVS/Caremark.

All FirstEnergy prescription drug plans have a generic drug rule. If you choose a non-preferred brand-name drug and there is a generic available, you will pay the brand coinsurance and the difference in cost between the generic and brand-name drug. If a generic is not available, you will pay just the brand coinsurance. In addition, no coverage is provided for prescriptions when an over-the-counter medication is available.
